

Household Refuse – Red Lidded 140 litre Bin

This service is provided weekly on the following days:

- Bordertown - Tuesday & Wednesday
- Mundulla – Wednesday
- Padthaway - Wednesday
- Wolseley - Wednesday
- Keith - Friday

On collection day please remember to:

- Put your bin out by 6am on the day of collection
- Place your bin close to the kerb, within 1 metre.
- Ensure your bin is not obstructed by trees, poles etc.
- Check that the wheels of your bin are facing towards your house.
- Ensure your bin is not packed too tightly as garbage may become stuck.
- Limit the load in your bin or it may damage the truck or your bin when being lifted. Bricks, rocks, etc should not be put in your bin.
- Do not overfill your bin so that the lid cannot be fully closed, otherwise rubbish may spill onto the street.

Council supplies each property within the townships with one SULO bin. Replacement bins can be arranged at a cost of 140 litre bin \$48, 240 litre bin \$55 by calling the Keith Office on (08) 8755 3347 or the Bordertown Office on (08) 8752 1044.

What Not To Place in the Bin

There are certain items that should not be placed in the bin. If your red lidded bin is seen to contain any of the following materials, your bin will not be collected:

- Car motor parts
- Any materials preventing the lid from closing
- Oil or liquid waste
- Chemicals or hazardous waste
- Large tree branches
- Dirt, bricks or rocks
- Hot ashes,
- Building products (such as steel, concrete, bricks, or builder's rubble),

Make sure you don't overfill your bin or leave rubbish beside your bin - if you do, it will not be collected. If material blows out of your bin **YOU** are responsible for picking it up!
